The image shows a black power supply unit (PSU) lying horizontally. A long, black, coiled power cord is attached to the top of the unit, extending towards the left. The cord ends in a standard three-pronged AC power plug. The PSU itself is rectangular and black. On the front face, there is a large white label with black text and various symbols. The label includes safety warnings in English and Chinese, technical specifications such as input voltage (AC 90V-265V), output voltage (+5VDC), and output current (5A). It also features several certification logos, including CE, FCC, and RoHS. The model number CA1425 B237A is printed at the bottom of the label.
